

Ancient History.

The study of the significant civilizations of the ancient world and their legacy today.

ATAR - BOARD DEVELOPED - CATEGORY A

About the Course

Your study of Ancient History starts with the ethical concerns around human remains. Year 11 covers a broad range of topics, from Ancient Egypt, Rome, Greece, and Ancient Syria. You will learn that other than a very different life expectancy, we still share a lot of similarities with ancient peoples! [Find out more here.](#)

What You Will Do

Many assessments will be extended responses, and students have an opportunity in Year 11 to research a topic of interest to them. Our teachers incorporate hands-on learning where possible, and we also organise an excursion to Sydney's museums.

"It's interesting, fun, entertaining... it's just the best" – Ebony Askew-Donovan

Future Opportunities

Studying Ancient History will help prepare you for any university course in the humanities. Possible careers in the future include trivia champion, archaeologist, historian, tour guide, forensics and science, anthropologist, art historian, etc.
