

# Dance.

*Dance explores expression and communication of ideas through performance, composition and appreciation of Dance.*

**ATAR - BOARD DEVELOPED - CATEGORY A**

## About the Course

Students can study dance as a unique art form in which the body is the instrument for non-verbal communication. The course is adaptable and can be individually constructed to suit the strengths and needs of each individual, for example, the 40% of major work can focus on an area of their choice. [Find out more here.](#)

## What You Will Do

You learn current dance techniques and performance quality practices while gaining a deep understanding of body systems and how the body moves. Assessments are predominately practical (40-80%) depending on the pathway constructed for the individual.

## Future Opportunities

Dance provides opportunities for students to develop this range of complex skills to equip them with knowledge, resources, confidence, and capability for future success. Some specific career paths from the subject may be High School Dance Teacher, Studio Dance instructor/ Owner, Dance Critic, Photographer, Physiotherapist, or Fitness Instructor.
