

English Studies.

We take the English you know and make it relevant for the life that you want!

ATAR-OPTIONAL - BOARD DEVELOPED - CATEGORY B

About the Course

From the minute you start the English Studies course we are looking towards your post-school dreams. This looks different for everyone and as such the English Studies course offers a wide range of opportunities to help build real-world 21st Century skills. [Find out more here.](#)

What You Will Do

Resumes, interview techniques, travel planning, creative and critical thinking all play an integral part in English Studies. Some units are assessed through portfolios of work, amassed throughout the topic, other topics are assessed through multimodal presentations and examination.

Future Opportunities

With the correct pattern of subjects, English Studies can be used towards gaining an ATAR, meaning whilst fun and engaging, the course is still meeting the academic rigor required for tertiary study. English is the basis of not just every career but every life pathway.
