

Life Skills.

Life Skills outcomes and content are available for students who are unable to access regular course outcomes due to disability or other extenuating circumstances.

NON-ATAR

About the Course

Life Skills outcomes are available for a single subject or multiple subjects from the full range of Key Learning Areas. Both mandatory and elective courses can be studied, including courses from the English, Mathematics, Science, Technology, HSIE, Creative Arts and PDHPE syllabuses. Each Life Skills course, contributes 2 Units toward a student's Pattern of Study. [Find out more here.](#)

What You Will Do

Assessments are modified to suit individual needs. Students who study Stage 6 Life Skills courses are eligible for the HSC award and will also receive a Profile of Student Achievement with their credential. This profile lists the Life Skills outcomes achieved in each course studied. Life Skills courses do not have HSC exams and do not contribute to a student's ATAR.

Future Opportunities

This is based on individual student need/ability and which courses students choose.
