

MAKING A DIFFERENCE AT VINCENTIA HIGH

As parents/carers we are all concerned for our children's education and welfare, so finding effective ways to support our school community is important.

At Vincentia High there are a number of ways that you can help, and so your P&C asks you to play an active role by volunteering or supporting the following:

MENTORING

Many of our students benefit from the school's learning & support programmes currently provided by teaching staff with the collaborative efforts of parents/carers. If you are able to assist in the running of these programmes please register your interest below. The school will assist with training as necessary.

TUCK-SHOP

It is through the school tuck-shop that the P&C raises valuable funds for our school. By supporting or offering to help with the tuck-shop, parents/carers can make a valuable contribution. Please register below if you are able to offer time to assist with our tuck-shop team.

FINANCIAL SUPPORT

Many parents/carers are unable to volunteer but still wish to help. By becoming a Financial Supporter of Vincentia High you can make a difference. A recent decision of government now allows donors to gain tax deductibility by giving to needy schools such as ours. Vincentia High is achieving great results and has become one of the best school's in the State. Initiatives, such as the Mind Matters programme have proven to be highly successful but are costly and are not supported through global funding. Giving to the School is a simple and effective way to help.

Please complete:

Name.....

Student Name..... Year.....

Telephone.....Mobile.....

Email.....

I am interested in helping in the following area(s)

MENTORING.....TUCK-SHOP.....FINANCIAL SUPPORT.....

The Volunteer Co-ordinator will make contact with further information and we thank and appreciate your offer.
