

## Presidents Report 2015 AGM

This is my 4<sup>th</sup> year as P & C President and as in past years I have enjoyed the challenge and experience of working with a great team of parents who like myself are very interested in helping to improve our school and make a difference.

Last year's initiative was to try to involve more parents in P & C with our Parent Workshops running prior to our P & C meetings each month. With the help of Foti Loupos, Holly Pastor and the Bay & Basin Community Resource Centre these Workshops were well attended and will also be running again in 2015.

I would like to thank all our committee members for your past year's commitment, contribution and support of our school, staff and students and look forward to welcoming our newly elected office bearers.

Annette Bevan
