

VINCENTIA VIBE - THE VOICE OF OUR SCHOOL Term 4 wk 9a 07/12/2011

DEAR PARENTS & STUDENTS

What an awesome way to finish the year ! Firstly Showcase was just a spectacular night with our multi talented students on display. Then Presentation Day was a formal showcase of our exceptionally talented students and their achievements. Lastly Year 10 Final Roll Call and Welcome to Senior School was dignified and rewarding of the hard work these students have put in over the last four years.

When you see these events it can only make you proud of the school, the students and the large support we gain from the community. I want to thank our staff for their continuous dedicated work in providing the best opportunities possible for students in academic, sport and cultural endeavours.

I wish everyone a safe and happy Christmas and look forward to working with you for an even brighter future in 2012.

Mr S Glenday
Principal

KLA - TAS

This semester has, as usual, been a busy one for the TAS faculty. Work has commenced on the new commercial kitchen that is being constructed under the Government's Trade Training Centre initiative. The first step was to create a temporary kitchen in D2. This work was completed to a high standard by our

Year 10 students who completely stripped the old kitchen and used the fittings for the new kitchen. The school owes these students a debt of gratitude for their hard work.

The TAS staff and students would like to welcome back Mrs Smalley who has been off work following a knee operation. All went well and she is back on deck. On

a sad note, we will be losing Mrs Irvine who is retiring at the end of term. Mrs Irvine has been an institution at the school and her valuable contribution to all

facets of Vincentia High School will be sorely missed. Ms McIntyre will be taking the textile classes next year.

The restaurant is making steady

progress. Mr Warner is hoping to have the building to lock-up by the end of term. Like the kitchen, it is largely the hard work of our TAS students that is making this project possible.

Mr Donohue would like to take this opportunity to recognise the achievements of his Special Education TAS class who completed some excellent projects

and displayed them to the school on a recent assembly. I would like to recognise the efforts of our Hospitality staff and students who have provided catering services for recent functions including Primary School Transition Days, Community Forums and the Year 12 Formal. They will also be helping with the Year 10 functions this week. It is gratifying to see the spirit of participation and cooperation that is fostered by the VHS TAS Faculty.

Next year is shaping up to be an exciting one in the faculty with Engineering Studies being taught to our senior students for the first time and the TAS faculty taking responsibility for the Construction Component of the new Year 11 Invest Program. As always, we expect the new year to be busy but exciting and fun.

Andrew Newton
Acting HT TAS

STUDENT LAPTOP NEWS

Leaving School

If you are leaving the School (for work or transferring to a Private School) please return the Laptop, **with the charger**, to me or the front office.

Holidays

Any damaged or stolen Laptops during the holidays must be reported to the TSO immediately on the first day back next year. We will then process the repair as
